

**Assignment -3**  
**Bucket And Watson assistant**

Date	30 October 2022
Team ID	PNT2022TMID03890
Project Name	Project – Smart Fashion Recommender Application
Maximum Marks	2 Marks

**Questions:**

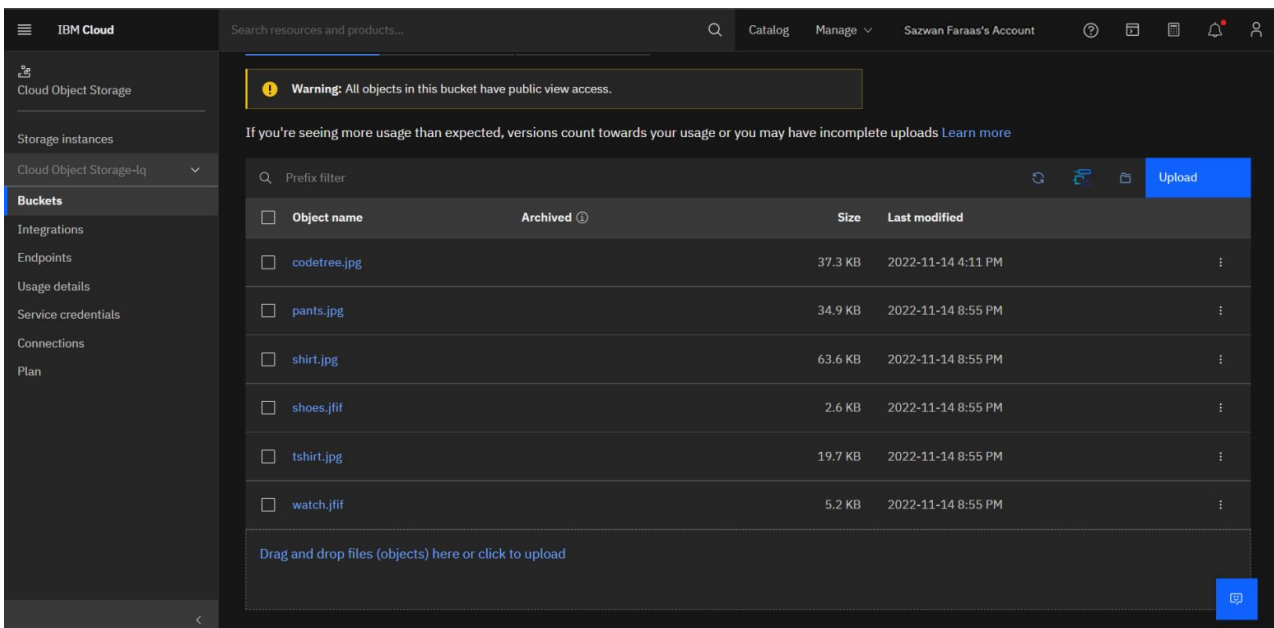

**1. Create a Bucket in IBM object storage.**

The screenshot shows the IBM Cloud Object Storage interface. On the left, a sidebar lists navigation options: Cloud Object Storage, Storage instances, Cloud Object Storage-lq, Buckets (selected), Integrations, Endpoints, Usage details, Service credentials, Connections, and Plan. The main area is titled 'Buckets' and includes a search bar, a 'Create bucket' button, and a table of existing buckets. The table has columns for Name, Public access, Location, Storage class, and Created. One bucket named 'smart-fashion-app' is listed with public access enabled, located in 'jp-tok' with a 'Smart Tier' storage class, created on 2022-11-14 at 3:47 PM.

Name	Public access	Location	Storage class	Created
smart-fashion-app	Yes	jp-tok	Smart Tier	2022-11-14 3:47 PM

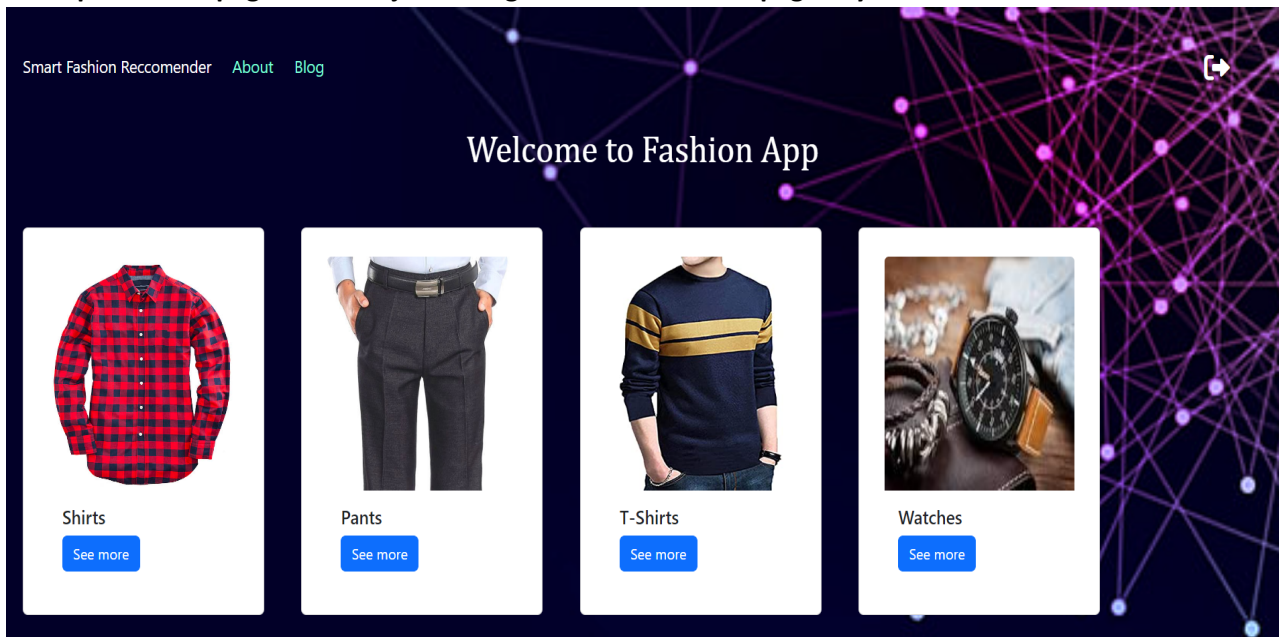

**2. Upload an 5 images to ibm object storage and make it public. write html code to displaying all the 5 images.**

The screenshot shows the IBM Cloud Object Storage interface for a specific bucket. A warning message at the top states: 'Warning: All objects in this bucket have public view access.' Below this, a message indicates that versions count towards usage or there may be incomplete uploads. The main area displays a table of objects with columns for Object name, Archived, Size, and Last modified. Five objects are listed: codetree.jpg (37.3 KB), pants.jpg (34.9 KB), shirt.jpg (63.6 KB), shoes.jif (2.6 KB), and tshirt.jpg (19.7 KB). A 'watch.jif' file is also listed at the bottom. An 'Upload' button is visible in the top right corner. At the bottom, there is a prompt to 'Drag and drop files (objects) here or click to upload'.

Object name	Archived	Size	Last modified
codetree.jpg		37.3 KB	2022-11-14 4:11 PM
pants.jpg		34.9 KB	2022-11-14 8:55 PM
shirt.jpg		63.6 KB	2022-11-14 8:55 PM
shoes.jif		2.6 KB	2022-11-14 8:55 PM
tshirt.jpg		19.7 KB	2022-11-14 8:55 PM
watch.jif		5.2 KB	2022-11-14 8:55 PM

### 3. Upload a css page to the object storage and use the same page in your HTML code.

```
<h1 style="text-align:center;color:white;font-family: Cambria, Cochin, Georgia, Times, 'Times New Roman', serif;">Welcome to Fashion App</h1>
<!-- <form align="right" id="logout">
  <button type="submit" id="log"><i class="fa-solid fa-right-from-bracket" style="font-size:30px;color:black"></i></button>
</form> -->
<div id="images">
  <div id="shirt" class="card" style="width: 18rem;">
    
    <div class="card-body">
      <h5 class="card-title">Shirts</h5>
      <a href="#" class="btn btn-primary">See more</a>
    </div>
  </div>

  <div id="pant" class="card" style="width: 18rem;">
    
    <div class="card-body">
      <h5 class="card-title">Pants</h5>
      <a href="#" class="btn btn-primary">See more</a>
    </div>
  </div>

  <div id="tshirt" class="card" style="width: 18rem;">
    
    <div class="card-body">
      <h5 class="card-title">T-Shirts</h5>
      <a href="#" class="btn btn-primary">See more</a>
    </div>
  </div>

  <div id="watch" class="card" style="width: 18rem;">
    
    <div class="card-body">
      <h5 class="card-title">Watches</h5>
      <a href="#" class="btn btn-primary">See more</a>
    </div>
  </div>

  <div id="shoes" class="card" style="width: 18rem;">
    
    <div class="card-body">
      <h5 class="card-title">Shoes</h5>
      <a href="#" class="btn btn-primary">See more</a>
    </div>
  </div>
</div>
```

4. Design a chatbot using IBM Watson assistant for hospital. Ex: User comes with query to know the branches for that hospital in your city. Submit the web URL of that chat bot as a assignment.

Image-

## 5 .Create Watson assistant service with 10 steps and use 3 conditions in it. Load that script in HTML page

The screenshot shows the IBM Watson Assistant console interface. The top navigation bar includes 'Greet customer', 'Upgrade', and 'Chatbot'. The main area is divided into two panels. The left panel, titled 'Conversation steps', displays a sequence of 5 steps:

- Step 1: 'Hi Welcome!' with a 'Free text' input type. A 'Continue to next step' arrow is shown.
- Step 2: 'Would you like to have list of products?' with a 'Confirmation' input type. A 'Continue to next step' arrow is shown.
- Step 3: 'What type of Makeup would you like to have?' with a 'List' input type. It shows two options: 'Foundation B...' and 'Compact Po...'. A 'Continue to next step' arrow is shown.
- Step 4: 'What type of shade would you like to have?' with a 'List' input type. It shows two options: 'Rose Damask' and 'Elegant Red'. A 'Continue to next step' arrow is shown.
- Step 5: 'What type of brand would you prefer?' with a 'List' input type. It shows two options: 'Lakme' and 'L'Oreal Paris'. A 'Continue to next step' arrow is shown.

The right panel, titled 'Action starts', contains the text: 'When your assistant is first opened or engaged with. No training examples necessary. Use the default greeting or customize your own.' A 'Preview' button is located at the bottom right of the right panel.

The screenshot shows the IBM Watson Assistant console interface, continuing from the previous one. The main area is divided into two panels. The left panel, titled 'Conversation steps', displays a sequence of 5 steps:

- Step 6: 'How much shadow color in a box would you like to have?' with a 'Number' input type. A 'Continue to next step' arrow is shown.
- Step 7: 'Thank you, We may help you all the time?' with a 'Text' input type. A 'Continue to next step' arrow is shown.
- Step 8: 'What range of price would you like to have?' with a 'Number' input type. A 'Continue to next step' arrow is shown.
- Step 9: 'Thank you for Shopping.....' with a 'Text' input type. A 'Continue to next step' arrow is shown.
- Step 10: 'Thank you for Shopping.....' with a 'Text' input type. A 'Continue to next step' arrow is shown.

The right panel, titled 'Action starts', contains the text: 'When your assistant is first opened or engaged with. No training examples necessary. Use the default greeting or customize your own.' A 'Preview' button is located at the bottom right of the right panel.

## Output:
